

# Bristol Surprise Maximus

The image displays a grid of numbers with blue zigzag paths connecting them. The paths are numbered 1 through 11, indicating different routes or sequences. The grid is composed of numbers arranged in rows and columns, with some numbers highlighted in blue. The paths start and end at various points in the grid, creating a complex network of connections. The numbers are arranged in a regular pattern, with some numbers appearing multiple times. The paths are numbered 1 through 11, and each path is represented by a blue zigzag line. The paths are numbered 1 through 11, and each path is represented by a blue zigzag line. The paths are numbered 1 through 11, and each path is represented by a blue zigzag line.
